PROFILE

- Nilaynarayan Polychem LLP is an ISO 9001:2015 certified company, incorporated in 2016.
- As an established organisation, we offer a complete range of solutions — collection, transportation, recycling and disposal of hazardous waste from the client's doorstep as per Hazardous Waste Rules 2016. In line with our emphasis on sustainability, we recover valuable substances from waste. The company serves hazardous, plastic and E-waste industrial customers throughout India.
- Alongside our environmental services, we manufacture a broad range of speciality & construction chemicals and operate a **NABL-accredited testing laboratory** (ISO/IEC 17025:2017).

ABOUT US

The company has excellent infrastructure facilities like a well-equipped R&D laboratory for testing products, raw materials, multiple regional offices and production plants, well-trained personnel and references from well-known IITs & industries. All our products are certified from respective organisations. Our forte lies in being creative and leading in this industry. Being in the digital world, the company believes in growing with its clients and helping them reach the paramount position.

OUR IDEOLOGY

- ❖ Nilaynarayan abides by commitment to our clients and to society, commitment to sustainability, adherence to occupational Health & Safety standards as per HWM Rules, professionalism, experience and teamwork.
- ❖ We aim to precisely understand customer requirements and, through the latest technology combined with a passion for never-ending innovation, deliver excellent service and eco-friendly quality products at the best price — generating new job opportunities.

OUR MISSION

- ❖ To provide waste management services, protect the environment and promote recycling in order to ensure a safe and healthy community for current and future generations.

QUALITY

NILAYNARAYAN POLYCHEM LLP is an ISO 9001:2015, ISO 22241 and ISO 45001 (OHSAS) certified company. Our products are manufactured under stringent quality control, true to our quality policy, using ingredients sourced indigenously as well as imported. We are planning to attain ISO 14001 (Environment Management Standard) certification and help make our organisation environment-friendly.

OUR VISION

- ❖ Nilaynarayan Polychem LLP is recognised for its innovative waste-reduction and recycling programmes and facility infrastructure, dedicated to the preservation and enhancement of the environment for our member community.
- ❖ Conducting long-term planning for waste-reduction and recycling programmes and facility infrastructure is fundamental to achieving our mission.

OUR TEAM

At NILAYNARAYAN POLYCHEM LLP, we have hired a team of professionals selected on the basis of educational qualification, industry experience and technical knowledge. Our workforce is well trained to understand and fulfil the varied requirements of our precious patrons. Experienced and skilled, our team functions in complete co-ordination and strives to fulfil all client demands within time limits. Our team includes:

- Chemical experts
- Production managers
- Quality controllers
- Sales & marketing professionals
- Administrative staff

LEADERSHIP TEAM

Dr. Jagdish
Chief Technology Officer & Managing Consultant

Ph.D. from IIT (ISM) with 30 years of R&D experience at the CSIR-Central Institute of Mining & Fuel Research; holder of 19 patents and 50+ national & international research papers. Expertise spans chemical process design, recovery of precious metals from waste, catalysts and scientific recycling of hazardous waste; high-energetic materials & industrial explosives; steel additives; emulsifiers, fire retardants and dust-control chemicals; construction chemicals (SNF & PCE admixtures, waterproofing, sealants, coatings); polyester & epoxy resins; PET-scrap fibre technology; active pharmaceutical ingredients (API); and explosive metal cladding.

Mr. Ansul Kumar
Director – Operations

Leads company-wide operations, including hazardous-waste handling, recycling & disposal protocols and their conversion into value-added products. Engineering graduate from Manipal University.

Mr. Nilay Kumar (MBA)
Director – Strategy & Growth

Alumnus of BIT Mesra and IIM Ranchi, with strategy and program-leadership experience at Wipro and Microsoft. Drives strategic planning, commercial strategy, governance frameworks and enterprise-level growth.

Mr. Rudra Narayan Pandey
Director – Compliance & Regulatory Affairs

Oversees all statutory compliance, regulatory authorizations and renewals across JSPCB, DGMS, NABL and ISO frameworks, ensuring the company's operations remain fully aligned with applicable laws and standards.

MANAGEMENT TEAM

Mr. Saurabh Kumar Mondal
Head – Laboratory Services (NABL)

Heads the NABL-accredited testing laboratory and its environmental testing operations across air, water, soil, effluent and noise.

Mr. Ombir Singh
Head – Business Development & Commercial

Leads purchase and sales across all product lines, hazardous-waste management services and NABL laboratory services.

Mr. Shubham Mandal
Head – Tendering & Contracts

Heads tendering, bid management and contracts across the company's service and product verticals.

Mr. Ompal Singh
Head – Finance & Accounts

Leads the entire finance and accounts function, including financial control, compliance and reporting.

NABL-ACCREDITED TESTING LABORATORY

Our environmental testing laboratory is accredited by the National Accreditation Board for Testing and Calibration Laboratories (NABL) in accordance with ISO/IEC 17025:2017.

Field	Detail
Accreditation standard	ISO/IEC 17025:2017
Certificate number	TC - 17291
Validity	21/12/2025 to 20/12/2029
Disciplines	Chemical — Atmospheric Pollution; Pollution & Environment; Water

Scope of Accreditation — Permanent Testing

Material / Product	Parameters	Test Method
Ambient Air	PM2.5, PM10, Lead, NO ₂ , O ₃ , SO ₂	IS 5182
Stack Emission	CO ₂ , CO, NO _x , O ₂ , PM, SO ₂	IS 13270 / 11255
Soil / Sediments	NH ₃ , N, Cd, Ca, Cl, Cr, Cu, EC, Pb, Mn, NO ₃ , Organic Carbon, pH, P	NNP/SOP/03 · IS 14767 · IS 2720
Waste Water (Effluent/Sewage)	BOD, COD, DO, Cd, Fluoride, Hexavalent Cr, Fe, Pb, Ni, Oil & Grease, pH, Sulphide, TSS, Zn	APHA 24th Ed.
Drinking / Ground / Surface / Packaged Water	Acidity, Ca, Cl, EC, F, Fe, Mg, Nitrate, pH, Sulphate, Alkalinity, TDS, Hardness, TSS, Turbidity, Zn, BOD, DO, Temperature	APHA 24th Ed. · IS 3025

Scope — Site Testing

Material	Parameter	Method
Ambient Noise	Ambient Noise Levels	IS 9989
Source Noise	Source Noise Levels	IS 4758
Stack Emission	Temperature	NNP/SOP/01

SPECIALITY & CONSTRUCTION CHEMICALS

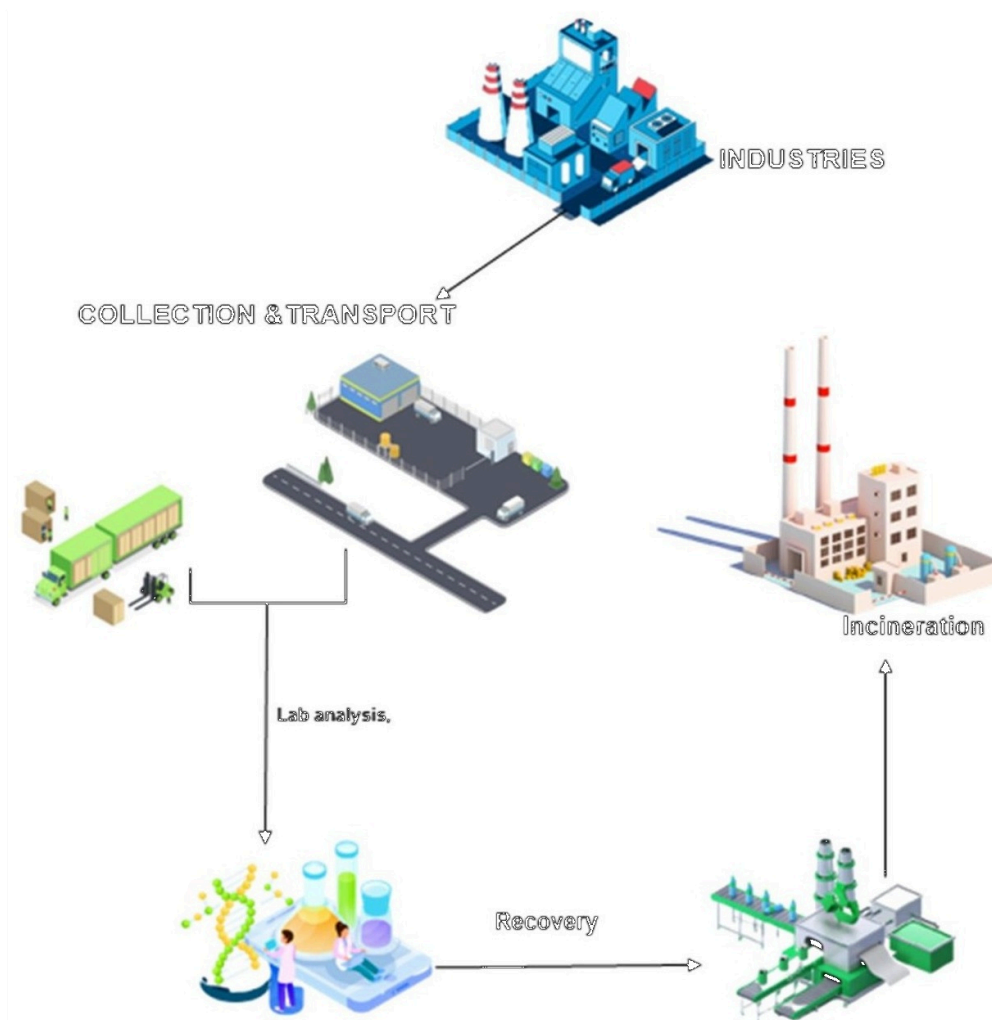

We manufacture a broad portfolio of speciality & construction chemicals, mining grouts, refractory binders, fire-retardant coatings and industrial salts. Each product is supported by a Technical Data Sheet and Safety Data Sheet and manufactured under NABL-laboratory quality control.

Product	Description
NN-DustGuard PSPP	Dust suppressant (poly-surfactant polymer) for coal, haul roads & stockpiles
NN-Emul SMO	Sorbitan mono-oleate emulsifier for explosive emulsions & industrial use
NN-RockBond Cement Capsule	Cement grouting capsule for roof bolting in mines (DGMS)
NN-RockGrout Resin Capsule	Polyester resin grouting capsule for roof / rock bolting (DGMS)
NN-395 Superplasticizer	SNF high-range water reducer for concrete (IS 9103)
NN-PlastiFlo Water Reducer	Lignosulphonate water-reducing admixture / plasticizer (IS 9103)
NN-CalNit Calcium Nitrate	Industrial calcium nitrate — solid & 60% liquid (concrete, wastewater, latex)
NN-PyroShield STC-I	Metal-oxide intumescent fire-retardant coating
NN-PyroShield STC-II	Non-metal-oxide (organic) intumescent fire-retardant coating
NN-AluBond High Alumina Binder	Calcium aluminate refractory binder (CA-50/70/80, IS 15895)

Concrete additives approved by NCCBM (National Council for Cement & Building Materials); quick-setting grouting approved by DGMS (Directorate General of Mine Safety).

WHAT WE DO — HAZARDOUS WASTE MANAGEMENT

We provide a complete, closed-loop hazardous-waste service. Waste is collected from the client's premises, transported under manifest, analysed in our laboratory, and routed to the most sustainable outcome — recovery and reprocessing wherever possible, with landfill and incineration as the last resort.

- ❖ Our emphasis on recycling and reprocessing to reuse waste makes us better than our competitors. We always try to add value to the waste or recover usable items; landfill and incineration are our last resort.
- ❖ Our R&D lab analyses each waste stream and decides whether it is to be recovered or disposed of as per the Hazardous Waste Rules.
- ❖ Authorised by the Jharkhand State Pollution Control Board (JSPCB); serving hazardous, plastic and E-waste generators across India.

AWARDS & RECOGNITION

- ❖ Startup India — Certificate of Recognition
- ❖ Concrete additives approved by NCCBM (National Council for Cement and Building Materials)
- ❖ Quick-setting grouting approved by DGMS (Directorate General of Mine Safety)
- ❖ Authorisation of Hazardous Waste Management by JSPCB (Jharkhand State Pollution Control Board)
- ❖ NABL accreditation — ISO/IEC 17025:2017 (Certificate TC-17291)
- ❖ ISO 9001:2015, ISO 22241, ISO 45001 (OHSAS)

OUR INFRASTRUCTURE FACILITIES

MAIN PLANT

CUSTOMER REVIEWS

Our experience working with Nilaynarayan was fantastic and I would absolutely recommend them. They are extremely knowledgeable in the waste disposal and recycling industry and best practices — accommodating, responsive, professional and easy to work with.

— Indian Oil Corporation Ltd (Barauni Refinery)

Their high level of customer service proves their commitment to a fully 100% recycling service. We are proud to have them as a service provider and would recommend them to any business producing hazardous, plastic or E-waste looking to move away from landfill.

— Indian Oil Corporation (Jamshedpur)

The hazardous waste service by Nilaynarayan Polychem is commendable — from collection and transport to disposal, everything was on time and helped us achieve zero hazardous waste on our premises.

— Maithon Power Limited

As our waste management company, they have supported and encouraged us in achieving our 'Zero Waste to Landfill' status.

— Bharat Coking Coal Limited
